

PARASAILING BUSINESS PLAN

Fill in every line with your own quotes and numbers. Daily revenue ~ boats × hours you can fly × flights per hour per boat × average flyers per flight × price per flyer, plus observer seats and photo or video packages. The rotation (launch, flight, winch-in, swap flyers) sets flights per hour; the wind sets how many of the scheduled hours you actually fly.

1 · THE BUSINESS

Company name and legal form

Site(s) or base(s)

Where you launch or berth, and who grants permission to operate there

Season

Opening and closing dates

Model

Flights from the dock / from the beach · single, tandem, triple

2 · CUSTOMERS AND CHANNELS

Who books

Visitors, groups, families, locals, companies

Sales channels and share of bookings

Walk-in, website, WhatsApp, hotels and partners, OTAs, brokers

Competitors nearby and their prices

3 · FLEET AND CAPACITY

Item	Quantity	Notes
Parasail boats and winch type		
Canopies by wind range		
Harnesses: single / tandem / triple		
Deck seats for observers		
Full rotation time (launch to next launch, min)		
Flying hours per day		

Flyers per day ~ boats × flying hours × (60 ÷ rotation minutes) × average flyers per flight

4 · PRICES

Product	Low season	High season
Single flight		
Tandem flight (per person)		
Triple flight (per person)		

Observer seat
Photo / video package
Hotel or agent commission

5 · STARTUP COSTS

Item	Quote / amount	Supplier
Parasail boat with winch and flight deck, new or converted, plus a survey before purchase.		
Canopies for light and stronger wind, harnesses, spreader bars and towlines, with spares.		
A replacement schedule for towlines and webbing, budgeted as a running cost.		
Captain and deck crew, their licences and training.		
Wind meter, radios, life jackets for flyers and observers, first aid and rescue equipment.		
Berth or dock, and a booking booth where customers check in and are weighed.		
Insurance written for parasail operations.		
Booking system that records each flyer's weight and signed waiver before boarding.		

6 · COSTS THAT RUN ALL YEAR

Item	Per month	Per year
Berth or dock		
Parasail insurance		
Boat financing		
Towline, webbing and canopy replacement		
Engine and winch maintenance		
Captain retainer outside the season		

7 · SEASON FORECAST

One row per month you operate. Utilization is the share of sellable capacity you expect to sell.

Month	Operating days	Utilization %	Revenue
Month 1			
Month 2			
Month 3			
Month 4			
Month 5			
Month 6			

8 · BREAK-EVEN

Costs that run all year (section 6, per year)

Margin per flyer after fuel, commissions and variable costs

Break-even = costs per year ÷ margin per unit

How many you need to sell before the business makes money

9 · PERMITS, LICENCES AND INSURANCE TO CONFIRM

Requirements depend on your country, region and harbour or beach authority. List each one and who you confirmed it with.

Permit to operate from the site

Authority · status · date

Passenger vessel inspection and parasail operating rules

Authority · status · date
